## Locating the EPA Engine Family Name and Engine Specifications

The EPA engine family name is a 12 character number/letter designation included on the engine nameplate for all heavy duty truck engines sold in the United States. In general, the nameplate is permanently affixed to the engine. The exact location and appearance of the nameplate varies by engine manufacturer. Examples of nameplates from three major engine manufacturers are included below:

## Caterpillar Engine Example:

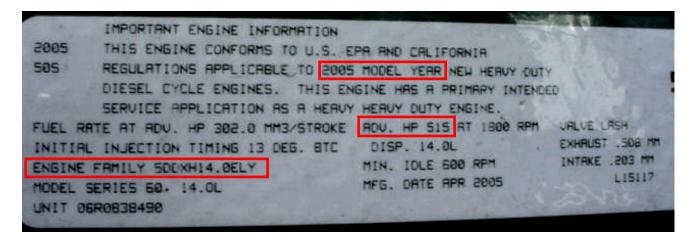

Caterpillar Nameplate (2 labels): EPA Family Name – 5CPXH0928EBK Engine Model Year - 2005 Engine Horsepower – 475 HP

## **Cummins Engine Example:**
