

# Colvin Webinar Series: **Engineering Equity from the Ground Up**

**Alan E. Dones**

Managing Partner,  
Strategic Urban Development  
Alliance, LLC

## Leadership In Engineering Equitable Participation (LEEP)

**March 16, 2022**

**7:00 - 8:30 pm | Zoom**

**Join us on March 16th at 7 pm (EST) for the next installment of the Colvin Webinar Series. Presenters Alan Dones and Dr. Ana McPhail will introduce the audience to The LEEP Initiative followed by a Q&A.**

The LEEP Initiative is a nonprofit aiming to build a better world through equitable, community-oriented, and socially responsible development. The certification process is modeled after the environmental-sustainability framework LEED, and ensures that developers meaningfully engage the community. From the design and pre-conception phase through the end-use of a development all stakeholders are involved and have decision-making power, making sure that the social and economic benefits are more equitably distributed to everyone.

**Dr. Ana McPhail, PhD**

Executive Director,  
Leadership in Engineering  
Equitable Participation (LEEP)
